

Brand hansgrohe
 Art. Name Air Switch
 Art. Nr. 04032140
 Surface Brushed Bronze

Product Picture

Features

- Drill hole diameter: 1 3/8"
- Consists of: power module with two grounded outlets, air tubing, push button
- Constructed from solid brass for durability and corrosion resistance
- Eliminates the need for traditional electrical wall switches - ideal for wet environments
- Pairs with any garbage disposal that plugs into a wall
- Fits up to 2" (50 mm) thick deck
- Air actuated
- Indoor use only
- Freedom mount system allows flexible placement of the control box under the sink
- Distance between push button and power module must not exceed 5 ft
- Plug into grounded, GFCI electrical outlet
